Special Conditions:
1. Please contact Roxanne Pilkenton at (425) 388-3311 ext. 2731 or Roxanne.Pilkenton@anoco.org when work has been completed for a flood hazard inspection.
2. All new construction and substantial improvements shall be: (i) Anchored to prevent flotation, collapse or lateral movement of the structure; and (ii) Constructed using materials and utility equipment resistant to flood damage; and (iii) Constructed using methods and practices that minimize flood damage.
3. Subject to conditions of Streamlined JARPA.
4. The issuance of this permit shall excuse the applicant from compliance with any other federal, state or local statutes, ordinances, or regulations applicable to this project. Other permits and approvals may be required for this project.
5. It is determined, pursuant to SCC 30.70.100, that the use authorized by this permit is consistent with applicable county GMA comprehensive plan policies and development regulations.
Alert! Possible archaeological site.
Call Customer Service Center at X2148.

Permission for this Flood Hazard Permit is granted under the provisions of SCC 30.65, Snohomish County Code. The subject property is within the flood plain of the Water Body noted above.

I hereby certify that I intend to comply with the permit conditions listed above. I understand that failure to comply with any of the conditions listed may be a violation of SCC 30.65, Snohomish County Code.

Pat Stevenson
(signature of permittee or building owner)

Elevation and floodproofing certification shall be required as per SCC 30.65.130.
